UTG® A VAST SELECTION FOR YOUR ONE STOP SHOPPING NEEDS

## INTRODUCTION

Just like all of our other categories of products, Leapers UTG® continuously strives to provide a comprehensive selection of firearms accessories and parts. Trust in us to continue to listen to our customer's suggestions and feedback and devote our full energy, attention, and effort to developing what is asked of us from you, our loyal customers. We do not just offer parts and tools; every product incorporates the UTG® touch. Designed, developed, prototyped, and executed entirely in-house. If you find yourself here looking to accessorize and kit out your MSR from the ground up, you need not look any further. Our full lineup of products are always ready out of the box and come complete with everything you need to get up and gunning. Be sure to check out the new UTG PRO® USA Made flip-up sights and handguards, along with an extensive new series of M-LOK®, Keymod, and Picatinny foregrips, hand stops, and angled foregrips. Lastly, be sure to take a look at our new series of AR receiver components and polymer magazines.
