

**INTRODUCTION**

Just like all of our other categories of products, Leapers UTG® continuously strives to provide a comprehensive selection of firearm specific mounting systems and modular system accessories. Trust in us to continue to listen to our customer's suggestions and feedback and devote our full energy, attention, and effort to developing what is asked of us from you, our loyal customers. We do not just offer parts and tools; every item incorporates the UTG® touch. Designed, developed, prototyped, and executed entirely in-house. If you find yourself here looking to modularly update and kit out your MSR from the ground up, you need not look any further. Our full lineup of products are always ready out of the box and come complete with everything you need to get up and gunning. New for 2019, Leapers UTG® and UTG PRO® is excited to debut and introduce our Made in USA Micro Gas Block, MR556, G3, RPR, and Ultra Slim handguards, and a whole new series of optic dedicated mounts.

<b>HIGHLIGHTS</b>	New products include the Super Slim Free Float Handguard available in both M-LOK® and Keymod modular systems for the HK MR556 and Ruger RPR® Bolt Action rifle featuring the same lightweight characteristics and feature set made known by the UTG PRO® USA Made Super Slim lineup of AR15 handguards. Making its return and new for 2019, is our revamped HK91/G3 handguard, an M-LOK® Super Slim handguard that uses a simple drop-in installation	Take a look at our extensive lineup of Super Slim handguards for the AR15 MSR. With multiple lengths, finishes, drop-in and free float system options, and models available in both M-LOK® and Keymod, we have a solution to tailor to any shooter's particular requirements. Check out our UTG PRO® USA Made Ultra Slim handguard featuring the most in weight reduction features to include a Titanium precision barrel nut and weight reducing lightening cuts made throughout the handguard	Super Slim Handguards available in both M-LOK® and Keymod featuring the same design implementations and feature sets as their AR15 MSR counterparts. New to 2019 are models available for the DPMS Gen. 2	A plethora of both dedicated and universal mounts and risers for installation on MIL-STD-1913 Picatinny equipped rifles or rear sight dovetails of pistols. Multiple heights available to include heights for absolute co-witness, lower 1/3 co-witness, low profile, and more	.750" Fixed and adjustable micro gas blocks to go with all of our UTG PRO® USA Made Super Slim and Ultra Slim Free Float handguard systems	Keeping the classics in mind, some times less is more. For those who appreciate the minimalist approach in regards to AR15 builds, our selection of standard handguard mounts and carry handle rear sights and accessories will make you feel right at home all from a one stop shopping experience	Continuing our lineage of AK handguards, mounts, and accessories, make sure you stop and see our series of Super Slim Keymod Drop-in handguards. Available in three different lengths for a variety of different AK platform variants, the lightweight, sleek, and modular Super Slim puts personalization in mind without the added bulk and weight	In order to satisfy our need to be your one stop shopping solution. We make it a very important note to keep stock of classic mounts not easily found in today's markets. Customers will continue to enjoy from us mounts and accessories made for the venerable SKS and Mosin Nagant	Still very much prevalent in the shooting community, Saiga 12s and more traditional shotguns are still considered a staple with us. Continue to enjoy a variety of different optic mounts and handguards for these staples.	Here you will find a garden variety of different mounts and accessories for the aforementioned platforms. Several different solutions are available to quickly and easily mount optics and accessories without the need for permanent modification or a gunsmith.	Enjoy various scope and accessory mounting options for these classics here. Simple, affordable, and quality solutions for these fan favorites.	Universal MIL-STD-1913 Picatinny mounts ideally used for adding accessories onto firearms that lack mountable handguards, flat tops, etc. Universal Barrel mounts offer quick solutions for adding a bipod or flashlight to traditional firearms not equipped with MIL-STD-1913 Picatinny rails.	We enjoy plinking just as much as the rest of you and value the importance of getting an optic set up just right on an airgun. Look out for our barrel droop compensating mounts, dovetail to MIL-STD-1913 adaptors, and our universal scope mount for round or straight dovetail airgun receivers here.

# M14 | M1 | 10/22 | BOLT ACTION MOUNTS

MNT-914V2

### 4-Point Locking M14/M1A Scope Mount

- Precision Machined from Aircraft Aluminum with a Matte Black Finish
- 6" Length with 15 Picatinny Top Slots
- 4-Point Locking System Interfaces with the Stripper Clip Guide and Three Different Points of the Receiver Providing a Rock Solid Foundation

MNT-M1C

### M1 Carbine Mount Complete With 1" Rings

- Precision Machined from Aircraft Aluminum with a Matte Black Finish

MNT-R22SS26

### Scout Rail for Ruger 10/22 Rifles

- 11.7" Length with 26 Picatinny Top Slots
- Lightening Cuts for Weight Reduction
- Free Float Rail Does not Touch Barrel or Forend
- Compatible with Drilled and Tapped 10/22 Receivers

MTU030T22

### UTG PRO® Low Profile Scope Mount For Ruger 10/22 Rifles

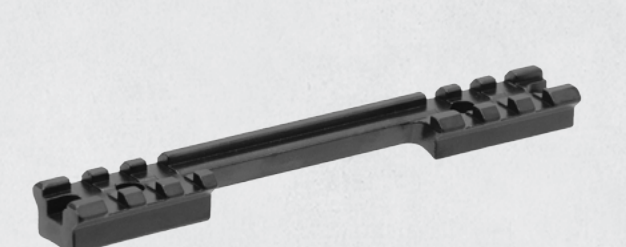

- Precision Machined from Aircraft Aluminum with a Matte Black Anodized Finish
- 4.67" Length with 11 Picatinny Slots
- Compatible with Drilled and Tapped Receivers

MNT-RM700

### Scope Mount for Remington 700 Long Action Rifles

- Solid Steel Construction
- 6.3" Length with 6 Picatinny Top Slots
- Clearance Cut for Reliable Case Ejection

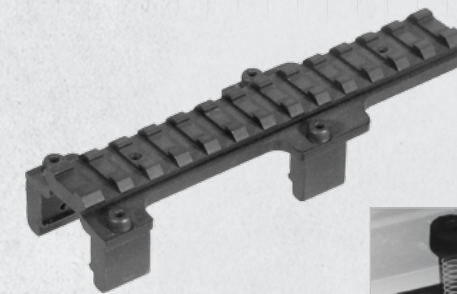

MNT-RM700S

### Scope Mount for Remington 700 Short Action Rifles

- Solid Steel Construction
- 5.47" Length with 6 Picatinny Top Slots
- Clearance Cut for Reliable Case Ejection

# MP5 | G3 | G36 MOUNTS

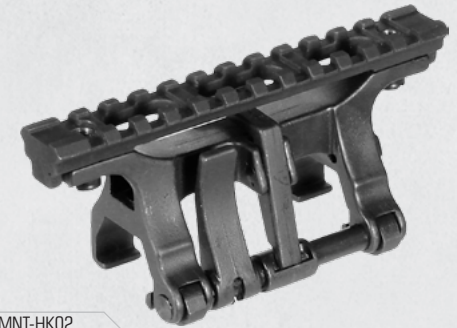

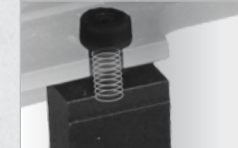

MNT-P669

### MP5 | G3 Low Profile Claw Mount

- Low Profile Top Rail with 13 Picatinny Slots
- Precision Machined from Aircraft Aluminum with a Matte Black Finish

Spring-Tensioned Claws and Receiver Set Screws for a Solid Installation

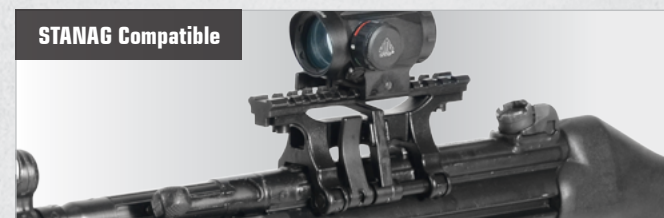

MNT-HK02

### MP5 | G3 Steel Claw Mount

- Complete with Detachable Steel Top Picatinny Rail and Secondary STANAG Mounting Base

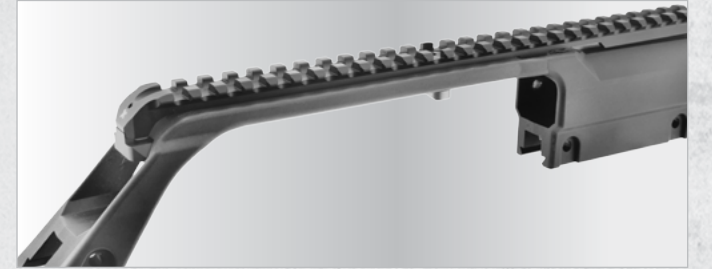

STANAG Compatible

MNT-G3601

### G36 | SL8 Carry Handle Scope Mount

- Precision CNC Machined from Aircraft Aluminum with a Matte Black Finish
- 11.45" Length with 27 Picatinny Slots
- Lightweight and Low Profile, Securely Fits Into Standard G36/SL8 Carry Handle

### G36 Picatinny Rail Sets

- Laser Engraved for Left, Right, and Bottom Designation and Accessory Placement

MNT-P503

### Set of 3

- One 6.08" Length Rail with 13 Picatinny Slots and Two 3.87" Length Rails with 7 Picatinny Slots

MNT-P505

### Set of 3

- Three 6.08" Length Rails with 13 Picatinny Slots

MNT-P501

### Set of 2

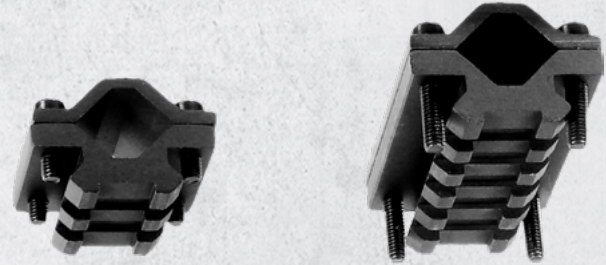

- Two 3.87" Length Rails with 7 Picatinny Slots

### Universal Rifle Barrel Mounts

- Precision Machined from Aircraft Aluminum with a Matte Black Finish
- Compatible Firearm Barrel Range: Diameter  $\varnothing$  .51" - .78"

MNT-BR002S  
Single-Rail / 2 Slot

MNT-BR005S  
Single-Rail / 5 Slot

### Universal Shotgun Barrel Mount

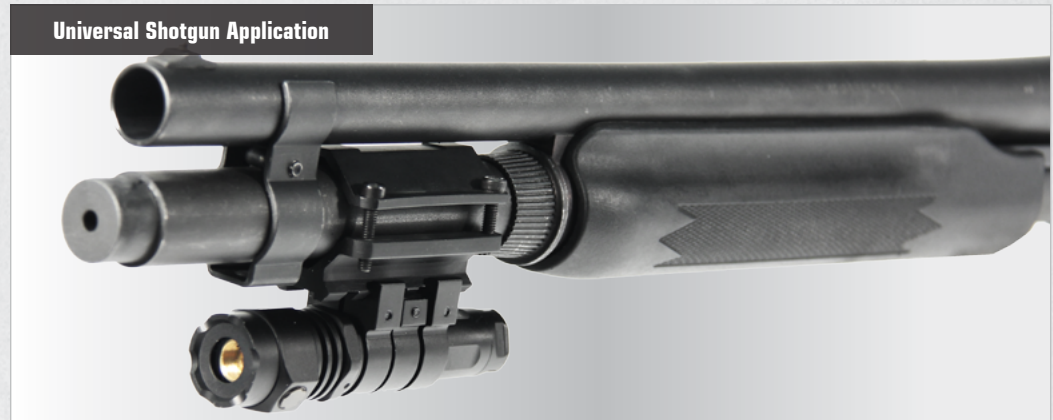

- Precision Machined from Aircraft Aluminum with a Matte Black Finish
- Compatible Firearm Barrel Range: Diameter  $\varnothing$  .75"-1.10"
- Compatible Flashlight/Laser Range: Diameter  $\varnothing$  .75"-1.10" (Tri-rail Models Only)

Stop Pin to Prevent Forward and Rearward Movement from Birectional Recoil

MNT-DNT06  
**Compensation Mount for T06 Tigger Equipped RWS Diana Air Rifles**  
• Precision Machined from Aircraft Aluminum with a Matte Black Finish  
• Compensation to Bring the POI (Point Of Impact) Up 10 Inches at 30 Yards

Dual Stop Pins to Prevent Forward and Rearward Movement from Birectional Recoil

**What's Barrel Droop ?**  
Barrel droop means that the barrel's bore is pointing downward in relation to the plane of the scope base. Compensating meant cranking up the elevation knob to bring the pellet back up to where the crosshairs are at or inserting a shim. UTG's compensation mount takes care of this for you, and is designed with special slopes to compensate for the barrel droop of RWS Diana air rifles.
